Talk To The  
Underwriter Direct

Power  
through  
Partnership.

## Stand Alone Directors' and Officers' Insurance

Do you use a wholesale/Lloyd's Broker to place your Liability risks into London Market?  
Would you prefer to talk with a London Market Underwriter direct rather than the 'Middle Man' just like you do with local Insurers?

### **If so you could benefit from:**

A direct dialogue with the underwriter which reduces your potential Professional Indemnity exposures.  
Faster and improved service standards.  
Enhanced commissions.  
Exclusive quotations.  
The ability to talk about technical aspects of a risk with technical people.
